V-RAPTOR™ ACCESSORIES

DSMC3 RED TOUCH 7" - \$2,750

The DSMC3 RED® Touch 7.0" LCD offers an HD viewing experience for recording and viewing footage on the V-RAPTOR™ camera system. With a 1920 x 1200 resolution display panel with peak brightness of 1300 nits and high pixel density (at 322 ppi).

Included in Pack : Production / Production Lite / Starter

V-RAPTOR WING GRIP HANDLE - \$120

The V-RAPTOR™ Wing Grip is an ideal and versatile handle solution for the V-RAPTOR camera. With the ability to directly attach to either side of the camera and offering comfort and utility for carrying or shooting with your V-RAPTOR.

Included in Pack : Starter

V-RAPTOR TOP HANDLE - \$699

The V-RAPTOR™ Top Handle easily mounts to the top of your V-RAPTOR™ camera body while offering a combination of comfort and utility for carrying or shooting with your camera. This top-mounted machined handle features ergonomic Bocote wood inlays with camera trigger control. It also has the ability to be configured in multiple ways when used with the Top Handle Extension Kit and includes multiple 1/4-20 and 3/8-16 threads.

Included in Pack : Production / Production Lite / Starter

RED® PRO CFexpress 660GB - \$959.99

Designed in collaboration with Angelbird Technologies to specifically to meet the high-performance needs of the V-RAPTOR system and 8K acquisition, the RED® PRO CFexpress 660GB and 1.3TB are the official certified media cards for the V-RAPTOR™ camera system.

Included in Pack : Production / Production Lite / Starter

RED® PRO CFexpress CARD READER - \$120

The RED® CFexpress Card Reader is designed exclusively for offloading data from RED® PRO CFexpress 660GB and 1.3TB media cards to your workstation. Connect to your camera via USB 3.2 Gen 2x2 for fast ingestion of CFexpress (20 Gb/s).

Included in Pack : Production / Production Lite / Starter

REDVOLT MICRO-V - \$325

Designed specifically for RED camera systems, the REDVOLT® MICRO-V is the perfect compact and capable solution for your V-RAPTOR and accessories. With a 98Wh flight-safe capacity, weighing barely over 1 lb and measuring 3.93" x 2.82" x 1.94", along with 12Amp cells for high output.

Included in Pack : Production / Production Lite / Starter

RED® COMPACT DUAL V-LOCK CHARGER - \$250

The RED® Compact Dual V-Lock Charger offers dual-simultaneous V-Mount charging for the REDVOLT® MICRO-V batteries. With up to 3amps to charge 2 batteries in less than 4.5 hours, it will help ensure you can continue shooting with your V-RAPTOR.

Included in Pack : Production / Production Lite / Starter

DSMC3 RMI CABLE 10" / 39" - \$100

The DSMC3™ RMI Cable (Straight-to-Straight) comes in two sizes: 10 inch or 39-inch / 1-meter. It is high-quality cable that provides video, power & control from the RED Monitor Interface to the DSMC3™ RED Touch 7.0" LCD monitor.

DSMC3 RED 5-PIN TO DUAL XLR ADAPTER - \$299

The DSMC3™ RED® 5-Pin to Dual XLR Adapter is a compact solution to break out the 5-Pin ODU to Dual 3-Pin XLR ports. The Adapter can provide 48v phantom power with mic & line input and is easily mounted to your V-RAPTOR™ via 3/8-16 screw.

Included in Pack : Production / Production Lite

V-RAPTOR EXPANDER BLADE - \$625

V-RAPTOR™ Expander Blade is designed to support professional shooting configurations. With options for video and communication connections, including Genlock (BNC), Timecode 5-Pin, R/S (Run/Stop) 3-Pin, and RED CTRL 4-pin. The V-RAPTOR™ Quick Release Platform Pack Arca Plate (included w/ Expander Blade) is required for the V-RAPTOR Expander Blade to attach to the camera.

Included in Pack : Production / Production Lite

V-RAPTOR QUICK RELEASE PLATFORM PACK - \$699

The V-RAPTOR™ Quick Release Platform Pack provides a compact lightweight shooting configuration for V-RAPTOR users. Featuring Arca Swiss style mount plate and a secure safety lock system with level locks. Also supports the battery adapters, expander blade and side ribs with screw-in support for maximum versatility. Additionally offers the ability to mount 15MM LWS accessories, such as matte boxes, lens support, or wireless follow focus systems.

Included in Pack : Production / Production Lite
